

## REQUEST FOR DONATIONS

Thank you for your request of a donation from Buffalo Pizza Project. We would like nothing more than to fulfill all requests we receive for donations of our wonderful food. The problem is that each year we get hundreds of requests. The simple truth is that we are unable to provide donations to everyone that calls or visits us. It is our company policy to provide donations to those people, charities, or organizations that have supported our company by being patrons.

If you have ordered from us in the past year or have members from your organization please list their names, and we will respond quickly to your request. (Please list names and telephone numbers.
